

[P] Drupal - Task #3795

Re-add border to non-primary buttons

2026-03-05 08:42 PM - victor .

Status: New	Start date: 2026-03-06
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description Non-primary buttons lost their border: 2026-03-05 at 8.34.22 PM.jpg And the button text is light-on-light, which is not readable. A link with class "btn" should have a border and padding. Add a border to any link with class "btn", and make sure padding and border radius are reasonable. Change the color of the text to dark (on light).
